Dear Shri Dubey,

I have observed that in the past year you have made outstanding contribution to BSNL Maharashtra circle by your consistently meticulous work. Your contribution to Phase-VIII.4 project in its initial planning, purchase order design & placement with respect to Lot-1 to Lot-3 within the budgetary constraints, core network finalisation and training management were particularly noteworthy. You played a central role in floating & finalising Diesel filling-Site Upkeep-Rigger Works tender. Many other tenders like for outdoor cabinets, Cell-On-Wheels, VSWR meters were also processed and taken to the final stage by your consistent efforts.

All the above were handled after the regular works of managing the AMCs, vanity number auction etc.

Your work is really appreciated and I am sure that you will continue your excellent contribution in the days ahead with the same enthusiasm and vigour.

Wishing you all the very best.

[Peeyush Khare]
Chief General Manager
