No. MHCO-NPCM/12(11)/5/2020-O/o PGM CM

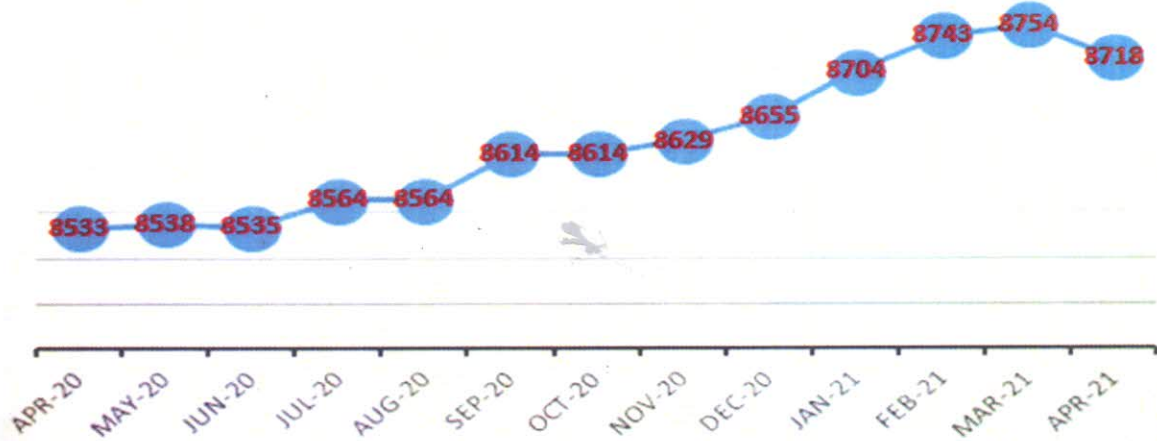

dated 19.05.2021

To

All the BA/SSA heads
Maharashtra Circle

Sub: Reduction in radiating/ traffic carrying sites as compared to April 2020.

Management meeting for all BAs/SSAs was conducted on 12/05/2021. It was observed that the count of radiating/ traffic carrying sites (monthly at least once) reduced in Maharashtra circle as compared to the count in Mar 2021. Detailed trend of radiating/ traffic carrying sites is shown below

While reviewing SSA wise (list is enclosed as annexure) it is found that Amravati, Kalyan, Nagpur, Dhule and Latur have added 15 sites or more. Their efforts are appreciated. In contrast in Nanded, Aurangabad, Solapur, Ahmednagar and Raigad, sites have reduced, despite phase VIII.4 addition. It is a serious matter and needs to be reversed, immediately.

In this regard, all the BA/SSA heads are instructed to monitor radiating sites. The reduction in radiating/ traffic carrying sites is not permissible. 5 SSAs where sites have reduced, will submit an action plan within the next 7 days and take necessary action, so that shortfall can be made zero. It is targeted that all SSAs will achieve their max count in the next one month period.

(Ramakant Sharma)
Chief General Manager

Copy to: 1. GM NWO CM Pune/Nagpur to monitor and facilitate resources needed.
2. GM (Transmission) to monitor and facilitate media related issues.

Radiating /Traffic carrying sites (monthly once)
