Please find enclosed d.o. letter no. BSNLCO-NOFN/26/2020-NOFN OPN dated 13.7.2021 from C.M.D. BSNL. Though it has been conveyed repeatedly to improve performance in view of monitoring by DoT and CMD, still large number of faults are pending with very slow progress. As pointed out there are huge faults pending more than 45 days out of total fiber faults as on date.

You are requested to take action on priority with time bound action plan. Time limit for attending these faults with priority for attending fibre faults older than 45 days may be given.

D O Letter No. BSNLCO-NOFN/26/2020-NOFN OPN

Dated: 13.07.2021

Dear Shri Sharma,

Your kind attention is invited towards BharatNet review on 18th June 2021 through Video Conferencing, wherein it was stressed upon that all Fiber Faults, which are more than 45 days old are to be attended by 15.07.2021. As per the Fiber Faults age analysis report dated 12.07.2021, more than 45 days Old FF Figure for Maharashtra Circle is 392 and total Fiber faults are 682. This scenario is not at all acceptable.

As you are aware that BSNL has been mandated to attend all the Fiber Faults in Time bound manner, it is advised that progress in attending Fiber Faults be monitored on daily basis. Kindly send me the timelines for attending these faults, with priority on attending Fiber faults older than 45 days. The report along with time bound action plan shall be submitted by 20.07.2021 at nofnoperations@gmail.com for my perusal.

With best wishes,

Yours sincerely,

(P. K. Purwar)
