dated: 20.01.2021

Dear Shri.....,

This is regarding execution of new OFC routes/rehabilitation of existing OFC routes for providing physical OFC route diversity of OF cable laid in common trench.

2.0. CNO cell had previously taken up with all the Maintenance Regions (Now CN-TX Circles) for planning and execution from Project organization for providing route diversity to all such OFC routes in which more than one OFC cables has been laid in common trench (Except NFS common section). It has been reported that routes which were planned in all Regions in various RTPCs could not be executed due to CAPEX crunch etc in the previous year.

3.0 CNO cell vide its office letter 5-51/2016-CNO/Regions dated 16.12.2020 has requested to submit status of all such OFC routes planned and their current planning & execution status which has still not sent by the regions

4.0 I, therefore request you to kindly complete the planning of such routes with material and CAPEX requirement & send to CNP cell for new routes/to CNO cell for patch work in next 10 days positively so that such simultaneous failures on more than one routes/systems on single cut should be completely avoided.

With best wishes

Yours sincerely,

(V. Ramesh)

Shri.....
