***** MISSION MODE TARGET for UNIQUE FTTH CONNECTIONS*****

To,

All the BA/SSA Heads
Maharashtra Telecom Circle.

Sub:- UNIQUE FTTH Connections Target (1.25 Lacs)

MH Circle is the first Circle in all three zones (West/East/North) to achieve milestone of 1 lac unique connections (considering FTTH Voice + BB as one). Circle office monitoring and specially coordinating with all SSAs for achieving this milestone.

As there is huge demand of FTTH connections & SSAs have already signed with signing good number of TIPs and integrated ~1500 OLTs in BSNL MH Circle Network. Progress in FTTH GROSS Provisioning for last THREE Months is EXTRAORDINARY and we provided more than 15000 Gross FTTH Monthly connections.

Now, Similar TARGETS for SSAs have been decided and all SSAs to take maximum efforts to achieve assigned TARGETS at the earliest/ before 31st January 2021.

As Telecom Industry best tariff plans have now been reformulated with higher speed, data & FUP and are applicable to all SSAs, these should not be any issue in achieving assigned MISSION MODE TARGETS.
