Sub: Details of Critical Route to be hired from private operator for OFC

With reference to the subject cited above, Circle office is closely monitoring the restoration/status of OLTs/GPs. While observing restoration process, it has been noticed that some of the OLTs/GPs are frequently down due to failure of WTR/SSA Routes. Though most of these route were in ring, these routes now are working in linear mode only due to continuous damage of these routes by external agencies as result our services are drastically affected.

In this context, details of these critical routes may pl be furnished to this office as per proforma as below, so this office can initiate the process for the hiring of OF cable against these critical routes from private operator .

Name of SSA	Name of Route	Distance	No of Fiber count	Justification with Route Diagram
-------------	---------------	----------	-------------------	----------------------------------

This information should reach to this office on or before 13.03.2020
