Dated: 20th May, 2019

To

All Heads of Telecom Circles
&
Administrative Units of BSNL

Subject: GM level officers (re-designated/ regular) working against DGM level post- regarding

Ref: **This office letter No.400-03/2019-Pers.I dated 28.03.2019.**

Sir,

Vide this office orders No. 315-01/2016-Pers.I dated 19.07.2019 and 21.05.2018, un-absorbed ITS officers upto 1997 batch, deployed in BSNL have been re-designated as **GM** in order to have functional equivalence with the absorbed officers, stipulating therein that the officers, on re-designation are to be entrusted with the charge of GMs and be posted in SSAs, Project and Maintenance Areas etc., other than the Circle Head Quarter. In case of non-feasibility of posting of these officers in SSAs/ Project and Maintenance Areas, the details of such officer's alongwith their stay particulars in the Circle, shall be sent to the BSNL Corporate Office for deciding further postings. Vide this office letter under reference also this office had requested to send proposals for withdrawal of GM level officers from TDM level SSAs.

But, it is observed that in many circles, such re-designated officers have been posted in the same station/ post against DGM level post (treating DGM level post upgraded as GM) instead of posting them against GM level posts in the Circle and in case of non-feasibility of their posting against GM level post(s), the communication has not been made to this office so that they may be posted against vacant GM level post in other circles/units of BSNL.

It is therefore again requested to furnish a list of those GM level officers (re-designated/ regular), who are posted/ working at posts of DGM level locally upgraded to GM level but not sanctioned from BSNL Corporate Office, so that , services of such officers may be utilized properly in the best interest of the organization at GM level posts. This information may be sent through FAX on **011-23328498** and e-mail on adgp1@bsnl.co.in at the earliest.

This issues with the approval of the Competent Authority.
